UCare's Connect + Medicare has been approved until December 31, 2019, by the National Committee for Quality Assurance (NCQA), a non-profit organization dedicated to improving health care quality.

UCare’s Connect + Medicare will accept all eligible people who choose the Plan. We will not discriminate in regard to your physical or mental condition, health status, need for or receipt of health services, claims experience, medical history, genetic information, disability, marital status, age, sex, sexual orientation, national origin, race, color, religion, or political beliefs. UCare’s Connect + Medicare will not use any policy or practice that has the effect of such discrimination.

Enrolling in this health plan does not guarantee you can see a particular provider on this list. If you want to make sure, you should call that provider to ask whether he or she is still part of this health plan. You should also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your contract or Evidence of Coverage carefully to find out what is covered.

American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your health plan Primary Care Provider (PCP) prior to the referral.

B. Background Information about UCare Connect + Medicare’s Network Providers

B1. Key Terms

This section explains key terms you’ll see in our Provider and Pharmacy Directory.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, supplies, prescription drugs, equipment and other services.
  
  - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment.
  
  - Providers that are a part of our plan’s network are called **network providers**.

- **Network providers** are the providers that have contracted with us to provide services to members in our plan. That means they accept members of our plan and provide services our plan covers. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.

- **A Primary Care Provider** (PCP) is a medical professional who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.

- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  
  - **Oncologists** care for patients with cancer.
  
  - **Cardiologists** care for patients with heart conditions.
  
  - **Orthopedists** care for patients with certain bone, joint, or muscle conditions.

- You also have access to a **Care Coordinator**. A **Care Coordinator** helps you manage your medical providers and services.

If you have questions, please call UCare Connect + Medicare (SNBC) Customer Services at 612-676-3310 or 1-855-260-9707 toll free, TTY/TDD 612-676-6810 or 1-800-688-2534 toll free, 8 am to 8 pm, 7 days a week. The call is free. For more information, visit ucare.org.
B2. How to choose Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

When you become a member of our plan, you will choose a Primary Care Provider who is part of our plan network. This provider will be your Primary Care Provider.

If you did not choose a Primary Care Provider or would like to make a change to your Primary Care Provider, go to the list of providers in section C1 on page 13–964 and choose a provider:

- that you use now, or
- who has been recommended by someone you trust, or
- whose offices are easy for you to get to.

If you want help in choosing a PCP, please call Customer Services at the number at the bottom of this page.

If you have questions about whether we will pay for any medical service or care that you want or need, call Customer Services and ask before you get the service or care.

→ You may change providers within the network at any time. If you have been going to one network provider, you do not have to keep going to that same provider.

→ UCare’s Connect + Medicare works with all the providers in our network to accommodate the needs of people with disabilities. If you need to see a provider and are not sure if they offer the accommodations you need, UCare’s Connect + Medicare can help you. Talk to your care coordinator for assistance.

B3. How to access UCare Connect + Medicare’s network providers

You must get all of your covered services from providers within our network. If you go to providers who are not in UCare’s Connect + Medicare network (without prior authorization or approval from us), you will have to pay the bill.

A prior authorization is an approval from UCare’s Connect + Medicare before you can get a specific service, drug, or see an out-of-network provider. UCare’s Connect + Medicare may not cover the service or drug if you don’t get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if UCare’s Connect + Medicare gives you permission first.

B4. How to find UCare Connect + Medicare providers in your area

Turn to the Table of Contents that starts on page 1 to search for network providers. You can search according to the type of provider you need: Urgent Care Clinics, Nursing Homes, Primary Care Clinics, Health Care Homes, Visiting Clinic Teams, etc. Under each provider type, providers are organized alphabetically by state, county, and city.

How to access out-of-network providers?

In some cases, you may get covered services from out-of-network providers. “Out-of-network providers” are providers that are not part of UCare’s Connect + Medicare network. To receive services from an out-of-network provider, you must get a prior authorization from us in order for those services to be covered. Exceptions to out-of-network restrictions include services such as emergencies, post-stabilization, urgently needed services when our network is not available, out-of-area renal dialysis services, and open access services.
If you do not get a prior authorization from us when needed, the bill may not be paid. If an out-of-network provider bills you directly for services, submit the bill to UCare, and we will determine if the services are completely covered. State and federal laws prevent us from paying you back directly for most medical bills. The exception is if you pay for Part D prescription drugs. If you paid for a service that you think we should have covered, or for more information on out-of-network providers, please contact Customer Services.

**How to access specialty providers?**

UCare allows members of our plan to have direct access to network providers without a referral to specialty providers. We have formed a network of specialty providers. Each time you get health services, check to be sure the provider is a network provider.

We encourage you to work with your primary care doctor to assess your health needs and recommend a specialty provider for you. If you see a specialty provider without consulting your primary care doctor, it is important to tell your primary care doctor about the specialty doctor visit. It is important that your primary care doctor knows about all your medical needs.

You can get additional information on how to access specialty care by calling Customer Services at the number at the bottom of this page.

**How to find a network pharmacy?**

The Pharmacy section that lists pharmacy providers is located in Section C.

Please refer to the Pharmacy section to find an updated list of pharmacy providers. Or call Customer Services at the number at the bottom of this page.

**How to determine whether a facility is accessible?**

Providers were asked to complete a questionnaire about accessibility in three areas: parking, entry ways and other relevant spaces, and office exam rooms and equipment. Responses to the questionnaire are included in the provider listings.

If you need more information about access options, you can obtain information by calling Customer Services at the number at the bottom of this page. This could include, but is not limited to, information such as availability of flexible hours or wheelchair access.

**How to access Interpreter Services?**

Hearing and language interpreter services are available to help you get services. Oral interpretation can be given to you in your language. You may be able to get written information in your language. For more information call Customer Services.

**How to get more information about personal care provider organizations (PCPO) and home care agencies?**

PCPOs and home care agencies are not listed in this Provider Directory. Call our Customer Services Department to get more information on how to get a list of PCPOs and home care agencies. You can also get this information at ucare.org.

**If you have questions**, please call UCare Connect + Medicare (SNBC) Customer Services at 612-676-3310 or 1-855-260-9707 toll free, TTY/TDD 612-676-6810 or 1-800-688-2534 toll free, 8 am to 8 pm, 7 days a week. The call is free. **For more information, visit ucare.org.**
C. UCare Connect + Medicare’s List of Network Providers

This part of the Directory includes a list of UCare Connect + Medicare’s network providers who participate in and accept UCare Connect + Medicare. It contains:

- **Health care professionals** including primary care physicians, specialists, mental health and substance use disorder providers (behavioral health), and dentists;

- **Facilities** including hospitals, nursing facilities, mental health facilities, IHS and Tribal facilities and clinics.

To get the most up-to-date information about UCare Connect + Medicare network providers in your area, visit ucare.org or call Customer Services at the number on the bottom of this page.

*Cultural competence training* is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

D. Background Information about UCare Connect + Medicare’s Network Pharmacies

This part of the Directory provides a list of pharmacies in UCare Connect + Medicare’s network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

We also list pharmacies that are in our network but are outside our service area. You may also fill your prescriptions at these pharmacies. Please contact UCare Connect + Medicare at the number at the bottom of this page.

- UCare Connect + Medicare members must use network pharmacies to get prescription drugs.

- You must use network pharmacies except in emergency or urgent care situations.

- If you go to an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service. Read the UCare Connect + Medicare Evidence of Coverage for more information.

- Some network pharmacies may not be listed in this Directory.

- Some network pharmacies may have been added or removed from our plan after this Directory was published.

*If you have questions, please call UCare Connect + Medicare (SNBC) Customer Services at 612-676-3310 or 1-855-260-9707 toll free, TTY/TDD 612-676-6810 or 1-800-688-2534 toll free, 8 am to 8 pm, 7 days a week. The call is free. For more information, visit ucare.org.*

Mail Order Pharmacy
You can get prescription drugs shipped to your home through our network mail order delivery program.

If you have used mail order services with your current plan before, or if you opt in now, our pharmacy will automatically fill and ship new prescriptions received directly from your doctors or other prescribers. You may opt out of automatic deliveries of new prescriptions at any time by contacting us at the number below. If you never had mail order delivery and/or decide to stop automatic fills of new prescriptions, we will contact you each time we get a new prescription from a provider, to see if you want the medication filled and shipped at that time. This will give you an opportunity to make sure that the correct drug (including strength, amount, and form) will be delivered, and, if necessary, allow you to cancel or delay the order before you are billed and it is shipped.

For refills of your mail order prescriptions, please contact us 30 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time.

Typically, you should expect to receive your prescription drugs within two weeks for a first time fill. If you do not receive your prescription drug(s) within this time, please contact us at:
